Hi Connie,

I have typed a list of Hecla and Poxson documents that you may want to look at. I'm still waiting for our Record Center to burn the Hecla 104(e) responses for you. As soon as I receive it, I'll mail it to you.

I'm going to attach the list of documents. I'm not sure if they'll be helpful. Hopefully, one or two may be of assistance.

Sharon

Hi Sharon,
Our street address (for FedEx or UPS) and PO Box (for US Mail) are below.

Kate Tribbett (paralegal at DOJ) sent me a few Hecla 104(e) documents from the 1970s. I did not have any documents from the 1970s, so I can now confirm that I have only a subset of the 104(e) documents. So I'm glad you are sending me the complete set.

Thanks so much.

Best,
Connie

Hi Connie,

Where should I send the Hecla disks?

Thanks.
Sharon

Hi Connie,

I will have the Records Center copy them onto a disk for you. (Poxson 104(e)
I will also give you document numbers that Laurianne has in her time-table
That mentions OH and P veins and Commodore 5 level.

I have a collection of Hecla 104(e) documents (not sure whether I have all of them or a subset) but not Poxson. Would it be possible to send them to me, please?
Thanks,
Connie

Connie,

Do you have access to the Poxson 104(e) responses and the Hecla 104(e) responses?
